

Acerola & vit.C Peel-off Mask

anti-ageing

FACE
Peel-off Mask
•
second skin effect
Ref. H05

Through its high content in vit.C with undeniable anti-oxidant properties, this PEEL-OFF is an ideal refreshing & anti-aging treatment while fighting the visible signs of early skin ageing and maintaining the skin's elasticity.

Anti-oxidant activity

The acerola is one of the richest fruits in vit.C (80 times more than the orange). As a strong anti-oxidant, this maple cherry prevents the cells membranes destruction while neutralizing the free radical scavengers responsible for the cells' ageing. It associates with natural vit.C for a strengthened anti-time activity.

Restructuring activity

The acerola is also a repairing agent which encourages the synthesis of collagen fibers, facilitating the dermic tissue's regeneration. The skin's elasticity is regulated, the features of the face are refined.

face PEEL-OFF, acerola, vit.C, anti-aging, anti-oxidant, restructuring

Dose: 30 g of powder and 90mL of water.

Pour all the water at once on the powder, stir quickly and vigorously during one minute to get a homogeneous paste.

Important: use water at 20°C.

Apply the paste immediately to the face. The mask sets in 6 minutes following the application. Leave the mask to perform its function at least 15 minutes. Remove it by peeling off in one whole piece.

Use before: 24 months / Avoid heat, light and humidity.
